

Jonathan D. Clayden

Work address: UCL Great Ormond Street
Institute of Child Health
30 Guilford Street
London WC1N 1EH
United Kingdom

Telephone: +44 (0)20 7905 2708
E-mail: j.clayden@ucl.ac.uk
Web site: www.clayden.org
Date of birth: 24 July 1981
Nationality: British

Education

- 2004–2007 **University of Edinburgh**
PhD, Neuroinformatics
Thesis: “Comparative analysis of connection and disconnection in the human brain using diffusion MRI: New methods and applications”
Supervisors: Dr Mark Bastin (Edinburgh), Dr Amos Storkey (Edinburgh), Dr David Laidlaw (Brown University, RI, USA)
- 2003–2004 **University of Edinburgh**
MSc by Research, Neuroinformatics (pass with distinction)
Thesis 1: “Recency and similarity effects in a visual probe recognition task using unfamiliar stimuli” (supervised by Prof. Robert Logie)
Thesis 2: “White matter integrity and cognition in childhood and old age” (supervised by Dr Mark Bastin)
- 1999–2002 **Pembroke College, University of Cambridge**
MA (Cantab), Computer Science (final class 2.i)

Employment

- 2013– **Literate Science**
Editor (self-employed)
I offer scientific copy-editing services to academic clients, and advocate clarity and expressiveness in scientific writing
- 2009– **UCL GOS Institute of Child Health, University College London**
Nonclinical Lecturer in Neuroimaging and Biophysics
I coordinate and carry out research into brain imaging methods and their clinical applications
- 2007–2009 **UCL GOS Institute of Child Health, University College London**
Research Fellow, Brain Imaging and Tractography Methods

Grants

- *Reading networks in the developing brain*. Co-Investigator (PI: C. Clark). Waterloo Foundation; value £52,996; reference 1118-1775.
- *Robust graph analysis of brain connectivity*. Principal Investigator. EPSRC; value £345,156; reference EP/J016292/1 (2012–2015).
- *Improving epilepsy surgery in childhood using functional magnetic resonance imaging and electroencephalography*. Co-Investigator (PI: D. Carmichael). Action Medical Research; value £190,057; reference SP4646 (2012–2016).
- *Hypoxia/ischaemia and patterns of neuropathology associated with memory impairment: From infancy through adolescence*. Co-Investigator (PI: F. Vargha-Khadem). MRC Programme Grant; value £1,433,670; reference G1002276 (2011–2017).

PhD Students

- *Cara Foley*. Secondary supervisor. PhD underway (2016–).
- *Winok Lapidaire*. Secondary supervisor. PhD underway (2015–).
- *Lizzie Powell*. Secondary supervisor. PhD underway (2015–).
- *Thalis Charalambous*. Secondary supervisor. PhD underway (2015–).
- *Chris Parker*. Secondary supervisor. PhD completed (2012–2016).
- *Clare Gibbard*. Secondary supervisor. PhD completed (2011–2015).
- *Matthew Grech-Sollars*. Secondary supervisor. PhD completed (2010–2014); subsequently a post-doc at Imperial College London.

Invited Talks

- *Image processing with R*. Inverness R User Group, Inverness, UK (October 2016).
- *Seven years' bad luck?* UK Diffusion MRI Interest Group Meeting, Sheffield, UK (November 2015).
- *Imaging structural and functional networks in the brain*. ICH Developmental Neurosciences Seminar, London, UK (July 2014).
- *Principles of structural and functional connectivity*. British Neuropsychological Society Autumn Meeting, London, UK (November 2013).
- *MRI and the structural networks of the brain*. Neuroinformatics DTC Day, University of Edinburgh, Edinburgh, UK (September 2013).
- *Streamlining the brain: Methods and tools for fibre tractography*. Workshop on "Imaging the brain at different scales: How to integrate multi-scale structural information?". University of Antwerp, Antwerp, Belgium (September 2013).
- *Graph-based analysis of brain connectivity: Principles and scope*. Institute of Neurology, UCL, London, UK (January 2012).
- *Imaging connectivity: Statistical modelling and the wiring of the brain*. Berlin Workshop on Statistics and Neuroimaging, Berlin, Germany (November 2011).
- *Interfacing an existing software library to R: The example of "RNiftyReg"*. LondonR Meeting, London, UK (June 2011).
- *Starting up an independent career: A personal perspective*. UCL Neuroscience Early Career Forum, London, UK (May 2011).

- *Streamline matching in diffusion tractography*. CUBRIC, University of Cardiff, Cardiff, UK (January 2011).
- *Common factors and gender differences in normal white matter tract development*. Centre for Developmental Cognitive Neuroscience, UCL, London, UK (October 2010).
- *Recent advances in diffusion MRI*. 13th Kuopio Bio-NMR Workshop, Kuopio, Finland (December 2009).
- *Basics of diffusion MRI and DTI*. 13th Kuopio Bio-NMR Workshop, Kuopio, Finland (December 2009).
- *A shape modelling approach to tract segmentation and characterisation in groups*. University of Manchester, Manchester, UK (July 2009).
- *Optimising diffusion pulse sequences for in vivo investigation of microstructure*. UK Diffusion MRI Interest Group Meeting, London, UK (June 2009).
- *Neuroinformatics at Edinburgh: A personal perspective*. EPSRC Showcase Event, The Royal Society, London, UK (February 2009).

Professional Activities

- Co-chair, ICH Mums and Dads' (MADs) Parental Support Network (2015–).
- Webmaster, UK Diffusion MRI Interest Group (dMRI-UK; diffusion-mri.org.uk).
- Meeting Organiser, dMRI-UK Meeting on Diffusion Along the Lifespan (2016).
- Scientific Session Moderator, ISMRM Scientific Meeting & Exhibition (2011, 2013).
- Scientific Session Moderator, ISMRM British Chapter Meeting (2014).
- Programme Committee Member, MICCAI Workshop on Computational Diffusion MRI (2010–).
- Programme Committee Member, MICCAI Workshop on Diffusion Modelling and the Fibre Cup (2009).
- Reviewer for a range of journals including *NeuroImage*, *Cerebral Cortex*, *Magnetic Resonance in Medicine* and *IEEE Transactions on Medical Imaging*.
- Grant reviewer for the UK Medical Research Council, Wellcome Trust and others.

Communication, Outreach & Policy

- Written in spare time on science and research policy, including for the London School of Economics' popular impact blog (blogs.lse.ac.uk/impactofsocialsciences/).
- Science communication experience as part of an Edinburgh Medical Physics student initiative which had contact with some 8000 schoolchildren and members of the public over two years. Partly funded by an EPSRC Partnership for Public Engagement grant.

Teaching

- *Modelling the relationship between structural and functional connectomes*. Short project, UCL MSc in Physics and Engineering in Medicine (2016).
- *Diffusion MRI in neuroimaging*. Lecture, UCL MSc in Advanced Biomedical Imaging (2016).

- *Tractography workshop*. Workshop, UCL MSc in Advanced Neuroimaging (2009–).
- *Multimodal MRI workshop*. Workshop, UCL MSc in Advanced Neuroimaging (2009–).
- *DTI imaging and network connectivity*. Lecture, UCL MSc in Neuroscience (2011–2014).
- *Introducing tractography*. Lecture, Edinburgh MSc in Neuroscience (2005–2006).

Publications
