6 Due to a technical problem a number of typographical errors made it into the published  
7 version of this paper. A selection of those which may cause confusion are indicated here.

8 p. 2, line 30, should read: “. . . as research in the eastern Mediterranean indicates . . .”

9 p. 3, Fig. 1 caption, third line, should include: “These rapidly expanding settlements may  
10 include recruitment from . . .”

11 p. 8, Fig. 5 caption, should read “. . . herbarium collections in Calcutta and Pune.”

12 p. 10, line 25, should read: “but the sequence needs to be re-dated along the lines indicated  
13 in Fig. 6” [not Fig. 5]

14 p. 11, Fig. 7 caption, no (4) should read “Lal Qila” [not Quila].

15 p. 12, last cited reference should be: Zohary, Tchernov and Horwitz, 1998.

16 p. 20, line 21, should read “. . . although their domestication status or dating remains”

17 p. 20, last two lines, should read: “. . . the clear antiquity of agriculture based on these  
18 crops”

19 p. 22, line 29, should read: “. . . as indicated in Fig. 8” [not Fig. 7].

20 p. 23, line 17, should read: “. . . *T. durum*/*T. turgidum*, which can also be”

21 P. 26, citation “Legge & Harris, 1996” should be Legge, 1996.

22 p. 30, line 20, the phrase “from collagen dates” should be omitted.
